### **FEATURES**

#### **READILY CUSTOMIZABLE**

Unlimited numbers of play-audio events can be scheduled into Kenstan Church bell to play automatically at preset times.

Desired bell sounds can be selected from our archive of bell chime tones, recorded prayers and melodious hymns, which comes in different language.

Customized audios can also be imported into the bell system directly by the user.

#### **FULLY AUTOMATED**

Kenstan Church bell is 100% automated, as such that it requires no further user intervention once it has been programmed.

It maintains accurate time by syncing daily with the internet time. It plays reliably at the preset times, Always!

#### **REMOTE CONTROL & TROUBLESHOOTING.**

Kenstan Church bell can be monitored and controlled by authorized persons from anywhere. This also allow us to easily troubleshoot and fix any issue remotely.

#### **INDEPENDENT POWER SUPPLY**

Kenstan Church bell comes with it's own stand-alone solar power supply which guarantees that the system is always powered up.

#### **QUALITY SOUND BROADCAST**

Kenstan Church bell comes with a reliable amplifier and loud speaker system that guarantees durability and quality sound broadcast.

#### **FRIENDLY USERS INTERFACE.**

Kenstan Church bell comes with an LCD display as well as a web-based users management portal for remote editing of schedules.
